World Baking Day!

Celebrated on the third Sunday in May, the day is dedicated to the art of baking and encourages people around the world to bake and share their creations with others.

Whether you're a regular baker or just starting out, World Baking Day is a great opportunity to get into the kitchen and whip up something delicious.

You could...

- ◆ Bake your favourite cake or cookies and share them with your friends or family (or teacher!)
- ◆ Have a bake-off competition to see who can create the best dessert
- ◆ Donate something you've baked to a local charity or care home
- ◆ Try a new recipe you've been wanting to make

Baking can be a great stress reliever and help you relax and unwind. It can also build self esteem and boost your confidence as you learn new skills and create delicious treats.

Happy Easter!
